

A Look Back at Our Achievements

On October 29, 2024, Reus hosted the final Transnational Partner Meeting (TPM), marking the end of the Upcycling project. Partners from seven European countries gathered to reflect on the project's achievements and discussed ways to continue promoting sustainability and STEAM education in schools.

Conclusion Conference

The conference on 29 October brought together educators, local authorities and stakeholders in Reus. The discussions highlighted: The importance of integrating STEAM education and sustainable thinking into the curriculum.

- Preparing students for the 21st century to tackle global challenges.
- Supporting teachers and families in promoting environmental awareness and problem-solving skills.

NEWSLETTER N° 6 /// November 2024

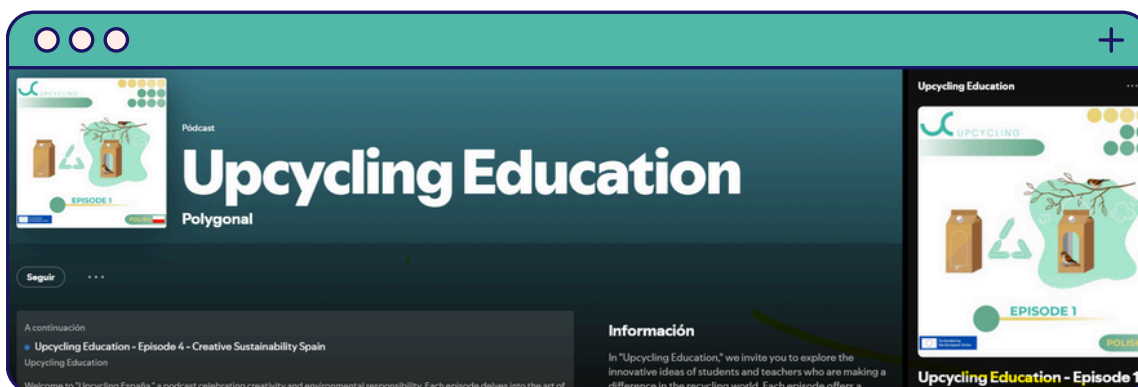

Resources: Free and Online

As the project concludes, we are excited to share a collection of resources for teachers and parents:

Lesson Plans: Hands-on STEAM activities for primary and secondary students, focusing on upcycling and creativity.

Videos and Podcasts: Materials to raise awareness about upcycling and its significance in sustainability.

Recommendation Guide: Practical ideas to try upcycling at home and engage the whole family in sustainable practices.
